

Second Unit of Microsolar installed at Pendant Hut Mount Kinabalu National Park Sabah Malaysian Borneo, Sept 2011. We climbed up again on 15 Sept and came down 18 Sept 2011, the porters carried up the Microsolar tanks and glass tubes in the rain.

The 51 years old Kadazandusun Lantodi porter carried 48 kg Microsolar tank from 1800m Timpohon Gate start of trek to 3300m Pendant Hut in 4 hours in the rain, then went down again. We took 5.5 hours with our 8 kg backpacks.
